HE session of Congress, which has just ter-minated, will be long and gratefully remembered by all true republicans for the triumphant success of many of their cherished principles and measures. While we heartily rejoice at the triumph of the principles which it has been our constant effort to advocate and defend, and f om which no prosperity, no adversity, can swerve us; we cannot be unmindful of the attidude in which we are placed by a recent vote of both houses of Congress :- we allude to the contemplated withdrawal of their patronage from the newspaper press. To this decision we cheerfully bow, sensible as we are of the patriotic motives which have led to it. But we trust that this decision of Congress increases rather than diminishes our claim to the support of a high power-that of the people; and to them we confidently appeal to aid us, by their patronage, in sustaining at the seat of government a journal that is inflexibly devoted to their interests and the true interests of the country.

It is known to every one, that the chief source of sustaining a newspaper is not the magnitude of its subscription list, so much as the advertising patronage which may be bestowed upon it. In large commercial cities, indeed, the latter is usually the concomitant of the former, as it becomes the obvious interest of mercantile men to advertise in those papers which are the most extensively circulated. Washington, however, is differently situated. Deprived of the advertising patronage incident to a mercantile community, and burdened nounce to the citizens of Wilmington, that usefulnes -if, indeed, even in existence. Their extensive foreign and domestic correspondence is another large item of expense, but the instructive usefulnees of which is so highly commended and appreciated as to justify almost any these heavy expenses cannot be borne, unless the ed on reasonable terms. subscription list is commensurate to the undertakbers, (including daily, tri-week'y, and weekly,) ly opposite the Chronicle Office. vet this list must be still considerably enlarged to enable the proprietors of the "Union" to sustain all its usefulness, and to insure them against pecuniary loss. Invoking, then, again, the aid and support of all true friends of republican government, and pledging ourselves to renewed efforts in the cause of the glorious principles we cherish, we offer the following proposals:

The "DAILY UNION" will be published, as heretofore, at \$10 per annum, payable in advance. Its character hitherto has been almost exclusively political. We purpose in future to devote a portion of its columns to domestic news of general interest, and to miscellaneous literature, which, without impairing its po'itical influence, may render it the more acceptable to an extended class of rea-

The "SEMI-WEELLY UNION" will be pub Hadden, John L & Co lished every Monday and Thursday, during the recess of Congress, at \$5 per annum. Enlargement of the Weekly Union.

The "WEEKLY UNION" is issued every Saturday; and as arrangements are in progress to enlarge it to near double its present size, we shall soon be enabled to give nearly every article which may appear in the daily and semi-weekly editions, at the extremely low rate of \$2. We propose also to give, in this edition, a complete synoptical Lodge, Grand Sec'ty of summary of the proceedings in both houses of Grand Lodge of N C Congress-thus rendering the "Weekly Union" a most valuable channel of information to all classes of our country. But, to remunerate us for this enterprise, an extensive subscription list is absolutely indispensable.

CONGRESSIONAL REGISTER.

In addition to the foregoing, we have resolved to publish, during the sessions of the national legislature, a " Congressional Register," to be issued weekly, and to contain a FULL REPORT of the dai ly proceedings and debates of both houses. Indeed the arrangements which we have made with the very best corps of reporters will enable us to give even more full and extended reports than we have produced during this session, superior as we claim them to be to any preceding ones. The Register will be made up from the daily reports in the "Union," careful'y revised by an experienced editor, and will constitute a complete and authentic record of the session. An appendix will be added, uniform with the Register, and to be sent gratuiteusly to subscribers, comprising a list of the which were got up under my own direction at the system with a synonsis of acts passed during the session, with a synopsis of North, expressly for the Southern Market. their contents, and a reference, when necessary, to previous legislation.
